Dear Santa,
My name is Elizabeth I am 5 years old one really nice thing i've done this year is helped someone get up For Christmas I would really love:
LOL

City asking voters to OK shift in EDC sales tax funds

But not a new tax

By Jim Bardwell

The Gladewater City Council wants the voters' help in deciding how to spend part of the 1/2-cent sales tax revenue collected each year by the Gladewater Economic Development Corporation (GEDCO).

Gladewater Mayor JD Shipp said "This is not a request for more money from the tax payers. This is a request to allow the EDC to diversify its investment into our community!"

The council voted Thursday night to hold a special election next May, in conjunction with the municipal election, and ask voters to authorize current sales tax dollars to be used for projects other than currently allowed under the "Type A" set up GEDCO operates.

The Type A sales tax is primarily intended for manufacturing and industrial development. EDCs may use Type A revenue to fund land, buildings, equipment, facilities expenditures, targeted infrastructure and improvements for projects.

The Type B sales tax may be used for any project eligible under Type A rules and several other project types, including quality of life improvements such as professional and amateur sports and athletic facilities, tourism and entertainment facilities, convention facilities and public parks; related store, restaurant, concession, parking and transportation facilities; related street, water and sewer facilities; and affordable housing.

Type B EDCs can also promote and develop new and expanded business enterprises that create or retain primary jobs and may fund public safety facilities; recycling facilities; streets, roads, drainage and related improvements; demolition of existing structures; general municipally owned improvements; and maintenance and operating costs associated with projects.

Mayor Shipp spoke to the Gladewater Rotary last week and explained the need for this election. The city also plans to host town hall meetings to answer any questions voters may have.

Basically, a yes vote on any of the propositions will not increase taxes - it simply will reallocate existing sales tax funds to a wider variety of projects.

The ballot will ask voters to choose Yes or No on the following five propositions.

(A) "The use of a portion of the one-half (1/2) cent sales and use tax for land, buildings, equipment, facilities, and improvements found by the board of directors to be required or suitable for use for professional and amateur sports, including children's sports, athletic, entertainment, tourist, convention, and public park purposes and events, authorized by Section 505.152 of the Texas Local Government Code, as amended."

- For
- Against

(B) "The use of a portion of the one-half (1/2) cent sales and use tax for land, buildings, equipment, facilities, and improvements found by the board of directors to be required or suitable for the development or expansion of airport or railport facilities, including hangars,

OPINION/EDITORIAL

The Christmas table ...

With so many COVID-19 restrictions and health precautions this holiday season and the fact that for the first time in my life I will not be having Christmas Eve with my mom, I felt the need to look back to a much simpler time.

When I was young Santa always visited my granny and granddaddy's house on Seven Pines Road (FM 1844 to anyone under 50) here in Gregg County. That is where we all gathered on Christmas Eve.

It was a glorious time for an only child and the only grandchild. Sure, I was spoiled and I loved every minute of it. Heck, it was Christmas and when it's that time of year, all's fair in love and war and presents.

I remember the aroma that floated from my granny's kitchen so many years ago as the smell of turkey and dressing and cherry pies

mixed with the smell of rolls baking in the oven.

Then there was the overwhelming fragrance of the Christmas tree, which was always real and rather gangly. Best of all, I got to help cut down the tree with my granddaddy and that was pretty special.

I remember us drawing pictures with our fingers on steamed-up kitchen windows from all of the Christmas cooking. And I remember watching as my granny and great-grandma would use every pot, every skillet and every baking dish to prepare everyone's favorite dish. And sometimes I got to help make the cherry pie or cherry cobbler - my favorites.

Oh, how I loved shaking all the beautifully wrapped Christmas gifts that had my name on them. And then shaking them again just for good measure.

I remember watching the rare snowfall on Seven Pines Road with my mom, two aunts and uncle and loving every minute of it, even though my father would complain about snow causing hazardous driving conditions.

I guess the best thing I remember was when all the family would gather at the kitchen table for dinner - everyone was elbow to elbow around what I thought then was the biggest oak table in the world.

I can see them to this day - granddaddy sat at the head of the table, with my chair scooted right up by his. Uncle George and my aunts Cheryl and Marilyn would be sitting by the windows, while mom and dad and my great-grandma would be on the opposite side, along with my step great-grandfather Mert. My granny - when she wasn't busy keeping food bowls and serving dishes full - would be opposite my granddaddy and me.

Then just as we were about to dive in to the best meal ever on my piece of earth, my great-aunt Belle and great-uncle Gene would come through the door - late as usual - and we would squeeze two more chairs around the table.

There we were in all our glory - everyone talking at the same time

Jim Bardwell
Publisher

and everyone fidgeting trying to get some much-needed elbow room and not finding a spare inch around the table. We were squeezed in like sardines - but you know what - I really didn't notice and I really didn't care. I was all smiles - ear to ear - because I was in the happiest place on earth with the people I loved the most.

My granny passed away many years ago and my aunt sold my granny's house a few years back. I can't help but think of those happy holidays every time I drive past it.

And that old kitchen table, which now sets in my mom's house, is pretty bare these days - just my mom and I are left.

Fortunately though, we now have a new table at my house with my son Josh and daughter-in-law Jennifer, mom and my step-dad Gary and Suzanne and her mom sit elbow to elbow. And now we have King.

The table is slightly smaller but it serves its purpose. It is a place to bring family together even in the toughest of times. And while COVID-19 will leave some chairs empty this Christmas, I pray next year the table will be filled with food and the room will be filled with the sounds of family.

Until then, I'll just squint real hard so I can see that full table from when I was little and I will again feel my granddaddy sitting next to me and that's a pretty good Christmas present I give to myself each year.

Merry Christmas to you all and I hope you too have a happiest place on earth you can turn to this season.

And I hope and pray 2021 is a much better year for us all.

Suzanne Bardwell

WHAT I CAN AFFORD TO GIVE

*I can not give you an impressive gift.
Only wishes, which are in short shrift
in a world that values things above all else,
and is ever concerned with the fulfillment of self.*

*So on this day most holy,
my gifts to you are only--
the ones that from the heart springs
and have meaning only if you have the eyes to see.*

I WISH FOR YOU:

*--a sense of wonder your whole life through
so that life is ever new--*

*--the realization that the joys of life and good health
are not found in things and wealth.*

*Along with your health may you always keep
the knowledge that to see, and hear, to walk and talk, and think;
are miracles, gifts, not a promise that is cheap-*

*--I wish for you love and the ability not to take it for granted,
whether it is a mate, a child or friend,
for we must remember that hearts are the hardest things to mend--
--And finally, when you are overwhelmed with the cares and problems
of this life,*

May someone remind you that it really is:

A WONDERFUL LIFE!

Merry Christmas!

Suzanne Brown Bardwell

OBITUARY

GEORGE LON COX

Lon was born on November 23, 1949, in Gladewater to the late Floyd Alonzo and Esther Lauretta Shoemaker Cox. Mr. Cox passed away on Sunday, December 20, 2020, in Longview.

Lon graduated from Gladewater High School in 1968 where he was voted most courteous boy. He was also honorable mention in district his junior year, as well as All District and All East Texas his senior year. After graduation, he attended and graduated from East Texas State University with his Masters in Education. Lon spent his lifetime impacting countless individuals as a teacher, coach, and Principal at Irving, Eustace, Hallsville, Gladewater, Union Grove, and Elkhart Schools before retiring from Mineola ISD. He was an active member of the Alpine Church or Christ in Longview where he was involved in the communion, in the Fun Bunch Group, and served as an Elder. He was an active board member of West Mt. Cemetery. George loved being outdoors in his garden, tending to his cows, or riding on his tractor. He could oftentimes be found playing golf with the guys, playing cards, or on the water fishing. Above all else, Lon's greatest pride was his children and grandchildren and loved them more than anything.

Mr. Cox is survived by his loving wife of 45 years, Mary Lou Cox of Union Grove; son, Anthony Brian Cox and wife, Angela also of Union Grove; daughters, Allison Morgan and husband, Jeb of Haslet and Amanda Steen and husband, Ken of Union Grove; sisters, Esther Cox Harrison and husband, Guy T. Jr. of Shelbyville and Emily Cox Holt and husband, William (Bill) of Silsbee; nieces, Misty Fincher and husband, Joe, Jennifer McKellar and husband, Alex, and Kimberly Holt; great niece, Abigail Fincher; and grandchildren, Alana and Bree Cox, Makenna, Madison, and Marissa Morgan, and Kenslee Steen.

Lon is preceded in death by his parents. Come and go viewing will be on Tuesday, December 22, 2020 from 10 a.m. until 6 p.m. at Croley Funeral Home in Gilmer; 305 W. Harrison St, Gilmer, TX 75644.

BILLY (BILL) LEON BYRD

Billy (Bill) Leon Byrd passed away December 13, 2020 after a long illness. He was born in Gladewater on November 13, 1932 to Dalton and Minnie Mae Byrd. He graduated from Gladewater High School in 1952, having participated in football, basketball, and track. He attended East Texas State Teachers College on a track scholarship. His high school sweetheart, Lynda Berryhill, followed him to East Texas in 1954 and they were married May 28, 1955. That same year he was drafted into the U.S. Navy. While in the Navy he was placed on the Navy Track Team. That was the year of the Olympic Trials for the 1956 Olympics. He was proud to be on this unique team and had a lot of interesting stories that he shared. After his regular duties, he worked in the Hobby Shop helping sailors with their projects and teaching leather work. He spent most of his time at the Naval Base in San Diego. His last few months were spent on the USS Shangri-La (CVA-38).

After his time in the Navy he and Lynda finished college and moved to Texas City, to begin their teaching careers. Billy spent his first three years of teaching at Stephen F. Austin Jr. High in Galveston. The next thirty five years were spent with TCISD. He taught at Levi Fry Jr. High, T. C. High School and Blocker Middle School. As most teachers, he had a ton of stories concerning those days. He was a good teacher and he truly cared for all of his students. He taught woodworking, drafting, ceramics, and leather work (tooling of leather for projects). For a short time he coached basketball and football at Levi Fry Jr. High and Blocker Middle School. His last nine years were spent at Blocker Middle School in charge of the SAC program.

He also officiated basketball and football games in the area. Billy spent much time encouraging his own children to always do their best, and he followed them in their sports activities and helped when he could. Billy worked extra jobs when Ben Marc was sick with cancer so that Lynda could stay with Ben Marc at M. D. Anderson for weeks at a time. He was a good husband, father, grandfather and provider for his family. He loved his family unconditionally.

After their retirement, Billy and Lynda moved to Point Blank, where Billy enjoyed fishing and hunting. He did not let those activities interfere with church responsibilities. Since retirement we have been worshipping with the Onalaska church of Christ where Billy served as an elder. Also, Billy became involved with the prison ministry in Huntsville. He was also able, through the church ministry to help support a children's home, (Por Los Ninos), in Honduras. He also helped with financial support through the Onalaska church for Family Life Missions, Inc. that oversees the home.

Billy has read the Bible on a regular basis for many years and has enjoyed teaching Bible classes for young students.

Billy was preceded in death by his parents; son, Ben Marc Byrd; son, Terry Lynn Byrd; brothers-in-law, Bill Berryhill and David Cline; sister-in-law, Barbara Berryhill; and Lynda's parents, Earl and Mozelle Berryhill.

Billy is survived by his loving wife of sixty-five years, Lynda; daughter, Joy Collins and husband, Jerry Dodd Collins Jr.; granddaughters, Tiffany Collins, Lauren Clapp (Matthew); Kelsie Golden (Jacob); great-grandson, Rowan Clapp; sister, Jannette Cline; and many nieces, nephews, family, and friends.

A graveside service for Billy Byrd will be held at 1 p.m. Wednesday, December 23, 2020 at the Friendship Cemetery, 22604 County Rd. 3107, Gladewater, TX 75647.

1995 and the local EDC is funded by a ½ cent sales tax which brings in about \$350,000 per year. In other action Thursday the council unanimously voted to form a committee to review RFPs (request for proposals) concerning the lease of the city's baseball fields. The committee will consist of the presidents of the Gladewater/Union Grove Baseball & Softball Associations as well as three councilmembers. The city hopes to provide better field maintenance while at the same time cut down on the time public works devotes to the fields so they can devote more time on road, water, and maintenance.

NOTICE OF RATE CHANGE REQUEST

On October 13, 2020, Southwestern Electric Power Company (SWEPCO or Company) filed a Petition and Statement of Intent to Change Rates (the Petition) with the Public Utility Commission of Texas (PUC or the Commission) in Docket No. 51415, and with those municipal authorities in its Texas service territory that have original jurisdiction over SWEPCO's electric rates. This notice is being published in accordance with Section 36.103 of the Public Utility Regulatory Act and Commission Procedural Rule 16 Tex. Admin. Code § 22.51(a)(1).

SWEPCO has approximately 187,000 Texas retail customers. All such customers and all classes of customers will be affected by the relief requested in SWEPCO's Petition.

SWEPCO's request to change its rates is based on the financial results for a 12-month test year ending on March 31, 2020. SWEPCO's Petition seeks an overall increase of \$105,026,238, an increase of 30.3% over adjusted Texas retail test year base rate revenues exclusive of fuel and rider revenues. SWEPCO's proposed revenue increase will be offset by a \$14,826,502 decrease in annualized Transmission Cost Recovery Factor (TCRF) and Distribution Cost Recovery Factor (DCRF) revenue. Thus, the net proposed Texas retail revenue increase is \$90,199,736, an increase of 26.0% over adjusted Texas retail test year base rate revenues exclusive of fuel and rider revenues. The overall impact of the rate change, considering both fuel and non-fuel revenues, is a 15.6% increase. The impact of the rate change on various customer classes will vary from the overall impact described in this notice, as shown in the table below. In addition, SWEPCO is seeking recovery of the reasonable rate-case expenses, including expenses paid to reimburse intervening municipalities, that it incurs in this case and those rate-case expenses incurred in three prior dockets that have yet to be recovered.

A Residential Service customer using 1,000 kilowatt-hours of energy per month will see an increase in their total bill (including fuel costs and rate riders) of \$15.71 per month, an increase of approximately 15.0%.

The following table presents the percentage annual revenue increases, by type of service, under the proposed rates in this proceeding:

SWEPCO Texas Proposed Base Rate Increase			
Applicable Service	Change in Non-Fuel Revenue (\$) *	Change in Non-Fuel Revenue (%) **	Change in Total Bill (%) ***
RESIDENTIAL	\$ 34,924,204	23.75%	15.64%

* Base rate revenue net of transmission and distribution cost recovery revenues.			
** Transmission and distribution cost recovery factor revenue recovered in existing base rates will be reset to zero with this filing.			
*** Bill impact includes base rate revenue plus fuel factor, energy efficiency cost recovery factor, rate case expense surcharge, transmission cost recovery revenue, and distribution cost recovery revenue.			

SWEPCO has proposed that its requested rate change become effective 35 days after the filing of the Petition and Statement of Intent. The proposed effective date is subject to suspension and extension by actions that may be taken by the Commission and other regulatory authorities.

SWEPCO is proposing revisions to most tariffs and schedules. In addition, in order to facilitate future TCRF, DCRF, and Generation Cost Recovery Rider (GCRR) filings pursuant to 16 TAC §§ 25.239, 25.243, and 25.248, respectively, SWEPCO requests that the Commission: (1) set the Company's current TCRF and DCRF to zero; and (2) establish in this docket the baseline values consisting of the inputs to the calculations that will be used to calculate SWEPCO's TCRF, DCRF, and GCRR in future dockets.

Persons with questions or who want more information on this Petition may contact SWEPCO at 428 Travis Street, Shreveport, Louisiana 71101, or call toll-free at (888) 216-3523 during normal business hours. A complete copy of the Petition and related filings is available for inspection at the address listed in the previous sentence.

Persons who wish to intervene in or comment upon these proceedings should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. A request for intervention or for further information should refer to Docket No. 51415. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the commission, unless otherwise provided by order of the presiding officer. The presiding officer for Docket No. 51415 has ordered an intervention deadline of February 10, 2021.

Due to the COVID-19 pandemic, the preferred method for you to file your request for intervention or comments on the application is electronically, and you will be required to serve the request on other parties by email. Therefore, please include your own email address on the intervention request. Instructions for electronic filing via the "PUC Filer" on the Commission's website can be found here: <https://interchange.puc.texas.gov/filer>. Instructions for using the PUC Filer are available at http://www.puc.texas.gov/industry/filings/New_PUC_Web_Filer_Presentation.pdf. Once you obtain a tracking sheet associated with your filing from the PUC Filer, you may email the tracking sheet and the document you wish to file to: centralrecords@puc.texas.gov. Kali

Dear Santa,
Please stop giving kids coal it takes about millions of year to make. If kids were bad every year we won't have no fossilfuels I think santa should stop giving coal.
Love, David Weinberg

Dear Santa,
Please don't fill kids stocking whit coal. We need coal ots a non renewable and fossil fuel. It takes million of years to form. We may run out of fossil fuels if there more kids in the naughty list.
Love, Joselyn

Dear Santa,
Santa please stop yousing coal its one of are natreI resoces and we cant so nothing with out it Yous a nother resorc we need you to stop lets say there is Bass in a lake and some thing eats shose Bass you have no more just think aboute But with coal.
Love, Drew Moore

Dear Santa,
My name is Addy Woodfin. An I think you should stop giving us coal! So we do not run out of fossil fuels And it takes millon of to make it agin. In staed you can give us charcoal. In are stocking if were on the naughty list. So hopefully I am not it this year. Only 14 days in till christmas. Can not give us coal this please.
Love, Addyson Woodfin

Dear Santa,
Please don't put coal in kids it is a nonrenewable resouls because we need fossil fuel. so sant can you charcoal.
Love, Christian

Dear Santa,
I want you to stop giving out coal

because Coal is a fossil fuel and it takes million's of years for it to form. And you can give Children that are on the naughty list something different. Like a little note that say your were naughty this year. You can give them a few rocks that non renewable. So Please santa don't give our coal any more thank you Santa.
Love, Gracelyn

Dear Santa,
Please don't fill our stockings with coal, it's a non-renewable! it takes centuries to make. You need to be more careful, Santa! Coal is a great recousse to the earth. You should just giv us charcoal, that's a renewable resource. You should tell Rudolph to remind you to not give us coal if you don't remember, he won't forget. These are all of my reasons I think you shouldn't give us coal.
Love, Cheston Martin

Dear Santa,
I don't think you should give coal to kids on the naughty list because you need coal for the Polar express. And coal is non renewable so it will take millions of years to get more. I think you should give kids that are the naughty list A bag of home work because home work renewable. So it will take a short Period of time get home woeK so Please don't give kids that are on the naughty list coal.
Love,
Tripp Humphreys

Dear Santa,
I think you shouldn't give out coal because if you use all of it the it takes a million years to form. I think you should stop giving out coal cause it makes kids sad. People don't like when kids are sad. I think you should give out mask to stay safe.
Love Blaiklee

Dear Santa,
Coal is a fossil fuel I don't thank you should put it in stockings. I takes millions of years to come back you can put char-coal in there. Coal is a nonrenewable resource People are all ready using it up and you use lots of it. You can lft the naughty list stay just sotp using coal.
Love, Wesley Wells

Dear Santa,
I think you should not put coal in Kids stocking because coal is a natural resource so once we run out it will take million's of years to form. So in stead I think you should put sand in there stocking because once. They feel in it the sand will get in the floor and they'll have to clean it up. So next time I think you should put sand in there stocking to save the coal & the Polar Express!
Love, Lilly Lane

Dear Santa,
Ples stop gevng kids caol The wold it for. a war warmnis but we are gon to. run out of it. if you cera on. away caol awa we yose it for a vot. lik fossil fuels releasane we heae are caol we. kane wat if we wont bay. The big tree. in the cite tan. wot are we ght to. daw. just stop the kids stocens eft charcoal ensta But Pres you. tont wont. to make us sab so Don't Do it we need caol wat well we izu if we Don't have caol santa Pleas stop using caol im baging you Do it for us Love DiaMond

Dear Santa,
Don't give the naughty little kids coal because I know they are nice in side there heart. Sp they sould get charcoal for christmas. Because I love my PeaPle. So can I ask a question. Can you not give out caol. Because it is a fossil fuel and non-renewable resources. Once you use it all it takes 1,000,000 year to grow.
Love, Kelsey rea Kent

Dear Santa,
I Wish you a merry christmas and a happye new year by the way Please stop giving out coal its hard to make stop giving out coal or im not beolecing in you byt the way I really want deaobx ogx light for christmas and a PS5

Dear Santa,
I ask you to Pleace stop putting coal in stockings they are non renewable. And a fossil fuel and takes trillions of yearts to make. In sead Put charcoal or nasty Jelly beans, or a letter, maybe raindeer poo but do it for everybody when we run out Then that will be bad so don't be naughty or no milk so use renewable resources Please.
Love, Josiah

Dear Santa,
Please stop giving away all of our coal we need coal because it's a non renwable fossil fuel. Plus kids can make di-monds with coal do you want them to be rich and welthy for boing bad. Instead of using coal why not give them a dictionary because it's made of wood from trees and trees are a renewable resourc, and the kids on the naughty list might need to learn som new words.
Love, Dale Reeves

Dear Santa,
I think that you should stop giving coal to kids on the naughty list. Because coal is a fossil fuel and fossil fuels take a long time to form. So coal is pretty limited. In-

stead of what you usually use every year, why don't you put decomposing rats in stockings as a substitute for coal?
With all my
Love, Susanna Sturkie

Dear Santa,
Please don't put coal in kid's stocking's because caol can be lit on fire and kids could burn down their house. Also coal can e ade into a diamond, I don't think you want naughty kids getting rich because you screwed up. Love, Wyatt Stanley

Dear Santa,
Please stop giving our coal. I know we all can be bad but we need coal. It is a fossil fuels and it is a nonrenewable resources when it is gone it will take illins of years to form Coal is hard to find and we onlu have so much f it and a millin years is a long long time. That is all thank you.
Love, Ryleigh Young

Dear Santa,
Marry Christmas santa I have some question for you . People get coal because they are bad but I think you should not give out coal for christmas. Coal is a fossil fuel and a non renewable resources. People don't want coal I thair stocking. This is why I am writing to you. I would I for you to give kids candy instead of coal so kid can be happy
Love, Morgan

Dear Santa,
I think giving coal to kids that in the naughty list is kinda a waste of life's needs. When there is hundreds of kis put in the naughty list. We could lose them in thousands of years and it will take almost forever to form. Coal is a fossil fuel and a nonrenewable resource
Love Brenly

Dear Santa,
Please don't Give Kids coal it's a fossil fuel we could run out of it if there is a lot of Bad Kids in stend Give them nothing or they could try to Be nice!
Love, Roasbells

Dear Santa,
Please Santa Don't fill stakings with coal. because if you do we might run out of coal. Coal is a fossil fuel and if we run out it will be chaotic. That is why I don't want you to give out coal to bab pelpe. Mabey you can give charcoal out instead of coal. I atually think pelpe need to stay

out of troude. So please santa give out charcoal and not regular coal. Please listen to me and dont give coal out and give chacoal out instead
Love,
Conner McElroy

Dear Santa,
So you now how you give coal to the kids that's cool and all but I rilly think you should stop. If you thik aouwt it it tack one milliens of yers If you ceap using it thair will be non. I think you sould use charcoal.
Love, Cain Deaton

Dear Santa,
ples do not yaus cole bcus som day we will run out of fasll fels. and we need fossil fuels
Love, Cj

Dear Santa,
Pleese dou'n't give the kids coal. It is taks million of years to orm. We might run out of fossil fuel if the are over million kids on the naughty list. Actually kids should stop getting in trouble so santa would stop giving of ot coal. For all the resons, I think Santa should so giving out coal.
Love, Ryleigh Lowe

Dear Santa,
Please do not give coal to kids because it is nonrenewable. I think you should give them cahrccoal cause it is renewable resoure and it is made out of trees. Trees are renewable resoures because they can grow with water and sun, and with the cause of the weather.
Love, Jailani Alexander

Dear Santa,
Please stop giving coal to little kids because it's a fossil fuel except you can give micha some coal I can't wait to see the look on his face!
Love Malachi

Dear Santa,
Coal is nonrenewable resource which means ther is not a lot of it. so we think that you should stop using coal and start giving out spiky underwer for the people that are on the naughty list.
Love, Reynan

Dear Santa,
I don't think it's very responsibal to use coal a non renewable recose. coal is used soo mch we are running out and you Mr. clase you are macking the supply

run out!
Love, Jacod

Dear Santa,
I think you should not give coal to kids on the naughty list. I say this because coal is a nonrenewable resource. And it would take a long time to get more when you run out of it. I think you should start giving a renewable resource instead. Merry Christmas!
Love, Brady Pritchett

Dear Santa,
Please don't give out coal anymore. it a fussion fuel and takes millions of years to make more. I think you should hand out charcoal or soething the kids don't like. And I will tell kids to be good and not to be naughty anymore.
Love,
Zoey Johnston

Dear Santa,
I need you to stop giving out coal! Because its nonrenewable so we may run out! Kids can also like do some stuff to it and become rich!!! I mean, if I was a kid I'd be pretty happu to become rich. If you don't know what else besides coal, try something renewable. Like rocks, charcoal, or card board. Maybe not that last one but at least its not coal! Coal is also a fossil fuel so it takes millions of years to farm! Christmas wont really change if you stop using coal! e need to be resoursful!
Love, Izabel

Dear Santa,
Please don't give out coal for the Kids on the naughty list just give them bricks This reason is because coal is a non-renewable resources. Which means we could run out easily if a thousand kids are on it. Non-renewable stuff is made underground. So I would start giving kids bricks. Bricks are ground and there easy to get!
Love, Maddison Bower

Dear Santa,
Mr. Clause please stop giving us coal (not because weve bad) because it's a fossil fuel. The more you give the more we lose so I think you could give us a sticky note charcoal, or a block of dirt for goodness sake so just please try not to give us coal. Also if you do stick wo (wich you shouldn't) it doesn't really look all that food wapped and a bow slapped on top. Also am I on the nice list
Love,
Ashton

Dear Santa,
Please Do not put coal in kids stockings coal is a non renewable fossil fuel. Why not give People on the naughty List nothing for Christmas. because coal takes millions of years to form. and coal is not very common
Love,
Cason Grace

Dear Santa,
Downot give coal out kids we do not like coal and coal is not fun to play with. Coal is nonrenewable and it is on the naughty list abd it is a fossil fuel. On the nice list people do not get coal because all you can use it for is if you cooking on a grill or for fir in you hoes we don't want coal for christmas kids just don't like it.
Love, Noah Hart

Dear Santa,
In sted of giving coal. How about not giving presents. We need to Save coal for the Fears to come. We use coal for a lot of things. Nateer gas, power and exerscu. So in sted of giving coal you dount giv present.
Love, Thomas

Dear Santa,
Please don't bring coal. it will take millions of years to for coal to Renew. Coal doesn't grow on threes. and don't you Have elves to take care of. and the coal at the center of the earth How do you get it? You need to send bad kids a card.
Love, Carmen James

Dear Santa,
Please do not put coal in kid stocking. Coal is a nonrenewable resource so once its gone its gone! So instead of coal you can use resource Well I think kids sould be good so they don't get on the naughty list I want kids to be good so they get on the nice list. So I hope you read this letter Santa.
Love, Nevaeh Bean

Dear Santa,
You shouldn't put coal in naughty kids stocking's anymore! Coal is a fossil fuel so it you use all of it we won't be able to produce things like electricity, I think you should make Mrs. Clause grow some onions then use them instead, I'm sorry if I'm being bossy I know they should be good. But using a fossil fuel just for the kid/kids to throw away that's ashame on you Santa Clause. I think you should start using onions.
Love, Ezekiel Parham

Dear Santa,
I think you shouldn't give out coal because some times you make kids cry and people don't like it when kids cry. I think the people on the naughty list Should get a jacket because it is cold in December.
Love, Avelyn Wendel

Dear Santa,
Please don't fill up kids stockings with coal. Because coal is a fossil fuel, and non-Renewable Resources take millions of years to form. We Might run out of fossil fuel if there are over a million kids on the naughty list. actually, kids should be good so Santa will stop giving out coal. for all of these reseans, I think Santa should stop giving out coal.
Love, Matther Martin

Dear Santa,
Please don't fill our stockings with coal. Coal takes millions of years to come back and when you use up all our coal there isn't going to be anymore so stop using up all the coal! Plus we have to use it for our fireplaes. and you have to use it to for your polar express train. At least put

like something els in our stockings., like vegetables, homework, or just something toha's not nonrenewable like coal that's nonrenewable that's why where trying to get you to not put coal in our stockings so santa please don't put coal in all the naughty kids stockings put charcoal in our stockings
Love, Johnny Boland

Dear Santa,
I need to tell you that given our coal to peope on the naughty list is bad for the environment and in the futre. So I think you should give out crona mask or dictionarys or vegis and do you want to know why well because coal is a nonrenewalbe resours and a fossil fuel and when they are gone there gone! Cause it takes a illon years to form.
If you want some info on coals go to www.kiddle.c fpr safe info
HOHO
Love, Ian Adams

Dear Santa,
I don't think you should give out coal to the naughty kids. Only because coal is a non-renewable resource and once it's gone it's gon forever. you give the naughty kids is home work and you can make it last a year. I know I love homework but it doesn't mean it can't be a punishment.
Love, McLenna Carroel

Dear Santa,
I think that you should stop giving out coal because there are millions of kids, So if your just giving out coal willy nilly no one will have enogh coal to power stuff. Caoul is a fossil fuel as well So fossil fuels are a type of non renewable resorce non renewable resrce Means a type of resouce that we have a little bit of like coal and once use all the coal up we will have no more you should use rocks.
Love, Georgia Norris

Dear Santa,
For Christmas I would like: 1. a nerf gun
2 elf on the shelf suit 3. phoe
Love, Lucas
